

YE Learning Zone is home to our brand-new digital courses. These have been designed to develop the vital skills young people need to earn and look after their money.

Route to Success will equip students with the skills and knowledge needed to navigate the world of work through five core units:

- 1. It's ok to dream**
- 2. Financial planning to achieve the dream**
- 3. Job or career - what are my options?**
- 4. Routes to Success**
- 5. Action planning - SMART**

By progressing through these units, students will consider their personal hopes and dreams for the future. They will find out about the **cost of living** and explore ways to **budget** and manage their future earnings; looking at possible **career options**.

Through doing this, they can start to understand the skills necessary to make a successful transition to the next stage of life and future employment.

Students will also get the opportunity to think about the study options and pathways open to them and how these can be financed. An **action plan** will be created to help them achieve their goals and find out about where to go for further information and support.

Following the course, students will be equipped to make informed decisions about the right route to success for them.

KEY FEATURES INCLUDE:

- Suitable for 13-19 year olds**
- 1.5 - 2 hours to complete**
- Downloadable certificate and action plan**
- Students' progress trackable online**
- Live employer engagements available**
