Dear Parents/Carers,

We are holding a virtual Parents' Evening on **Thursday 8th July 2021**. This will replace our normal Parents' Evening for this term, which we have had to adapt due to the COVID outbreak. The event will be carried out via school cloud.

We will be using an appointment system for parents to book a video call with classroom teachers. In this session the classroom teacher will discuss with you how your child has progressed in their subject, their strengths, areas for development and attitude to learning.

Please visit <https://sjhs.schoolcloud.co.uk> to book your appointments. The link below directs to a video, this video shows you how to book and attend your appointments, the attached guide also provides step by step instructions on how to book and join appointments:

If you do not have access to the internet, please reply to this email and we will try to assist you.

We are very much looking forward to our virtual Parent's Evening and want to make sure it is as useful as possible for families and teachers. With that in mind we have created the following protocols for everyone in order to ensure that you all have a smooth and positive experience.

Timings

Meeting times are restricted to **5** minutes only, there will be a countdown at the top of the screen, when this reaches 0 the meeting will automatically end. This is important as parents will be waiting for their meeting in a virtual lobby. If there are discussion points that will take longer, then a follow up telephone conversation can be arranged.

Format

We hope that these meetings allow you to meet your child's classroom teachers properly. We are aware that this has not been possible for many of you. Your child's classroom teacher will discuss how they have progressed, their strengths, areas for development and attitude to learning. Parents are also encouraged to share anything that they feel the teacher should know. If you have a specific query please note this when making your booking before **Monday 5th July 2021**. The classroom teacher will endeavour to provide you with an answer during your session, arrange to contact you at a later date or arrange another meeting if required.

Safeguarding

We will record all virtual meetings to ensure that everyone is safeguarded. We want to remind you that this meeting, whether online or a telephone call, is to talk about your child only. All meetings are private between parents and the teachers. Teachers will hold these meetings in a private space where they cannot be overheard, and we would ask the same for those of you at home or in an office.

We really hope that this is a successful parents' evening for you and your family and we welcome any feedback. A survey link will be sent out on Friday 9th July so you can register your feedback and help us improve future events.

If you have any queries, please do not hesitate to contact:
