TIME TO REST AND RENEW

Welcome to this summer term edition of **INSIGHT**. We are blessed by the talents and gifts of our young people and this is reflected in the contents herein. I hope you enjoy it.

It is hard to believe that we are now at the end of the academic year and one that has been full of hard work, challenges and joy.

Headteacher's Message neges y pennaeth

Mr T Brown Headteacher

This is my final introduction as headteacher and it's with sadness but many happy memories that I leave to move onto pastures new in September following 5 years as headteacher.

I am proud that together we have achieved such fantastic outcomes for our pupils and have helped in their formation as well rounded, socially minded, kind and charitable young people. Under the outstanding leadership of Mrs Jackie Jarrett and all of the staff at the school, I have no doubt that the school will continue to flourish.

I'd like to take this opportunity to thank all of our parents/carers for your support over the years because without working in partnership with you, we simply wouldn't be able to do it. I would also like to thank our fabulous staff – the community is blessed to have so many of you, whatever your role, who make a positive difference to lives every day.

Finally, thank you to all of the pupils. Keep using your talents in the service of God and remember it is when you give of yourself to others that you truly give and reflect his light. I pray that your faith will grow, enrich and support you both through the good times and the challenges. It has been a privilege to serve you.

**God Bless.
Trevor Brown**

“It is quite moving to hold a piece of Mars in your hands and to reflect on its incredible interplanetary journey, and on the science that gives confidence as to the origin of this unusual rock.”

Steve Jurvetson

Mission to Mars!

On Thursday 28th June, eleven Year 8 pupils travelled to Cardiff National Museum for a STEMLive event organised by First Campus, the Central South Consortium, National Museum Wales and Cardiff University.

The theme of the event this year was a 'Mission to Mars' and was designed to give students a fresh perspective on STEM subjects by taking them out of the classroom and into an environment where they could immerse themselves into a world of science!

“It was great fun and quite challenging at times”

Rest and Renew

“Come with Me by yourselves to a quiet place and get some rest.” (Mark 6:31)

Summer is sometimes a hard time to rest and renew. We are running to and from different activities while trying to squeeze in a holiday or break away.

If you have children, you are also trying to figure out how to fill the hours they would have been in school. Summer however, is also a great time to adjust your existing rhythm to a fresher summer rhythm. It's a time to rejoice in a season that God has graciously given for His glory and our good.

As a part of your summer rhythm I'd like to challenge you to include two things: more time with God and more time with yourself. During the coming weeks, I challenge you to take time to claim your strength; this is a gift from God. Take time to have fun; it is God's way of teaching you your strengths. Take time to grow yourself; only you can grow you. Take time to trust yourself; God trusts you. Take time to be self-reliant; it is better than being dependent. Take time to share with others; they will bless you and you will bless them. Take time to have hope; you are a child of God.

During this summer and beyond, may we all help make our home and community a place of relaxation, joy, love, peace and safety. May we be generous and considerate, not thinking only about ourselves, but helping others enjoy the blessings of summertime. Set aside a quiet time to read His Word...by yourself, with your family, and/or with a small group of believers. View these opportunities with the heart of God and you will see them as a part of His "blessing strategy". During the summer weeks place yourself into the hands of the Lord and pray that He will bless us and our families during the wonderful months of summer.

Summer is a wonderful blessing to be enjoyed. It's also the perfect opportunity to change up your normal rhythms. Reinvention, renewal, inspired ideas... they all have time to breed just a little more during these lazy summer days when you may be taking an extra walk, sitting on a beach or hopefully even holidaying somewhere wonderful. These are moments when we disconnect from the everyday moments that drive our every movement, the tasks and the chores of life, jobs, family and commitments. We need to just take a deep breath — literally and metaphorically.

Be intentional in your time with God and those He's placed in your life. Watch as God blesses you and others through you. As we welcome this well-earned break, keep God close to you and remember your relationship with God should never take a break.

Let us pray

Loving and merciful God, you have commissioned your angels to guide and protect us. Command them to be with us from our leaving until our return; keep us safe from all injury, accident or malice and sin. Through Jesus Christ, our Lord, Amen

Bay to Hay Walk 2018

Just before May half term, Mr Anthony, ten Year 9 pupils alongside two members of our Sixth Form took part in the 'Bay to Hay' Walk 2018.

Twelve schools from England and Wales walked in relay from Cardiff Bay to Hay Festival throughout the month of May to raise awareness for the charities Send My Friend To School, which campaigns to make schools safe around the world, and Cariad Kenya, which provides education, welfare and justice to neglected children in Kenya.

St Cadoc's RC primary in Cardiff passed on the human rights baten to our school and we passed it on to Glan Usk primary.

This ambitious fundraiser raises awareness on a global scale to 'ensure inclusive and equitable quality education and promote lifelong learning opportunities for all'.

Author Eric Ngalle was commissioned to walk and work with our pupils along the way. The pupils thoroughly enjoyed and hope to make this an annual event.

ST JOSEPH'S FOOTBALL SWEEP!

Raising Money for CAFOD

To go with the World Cup Fever gripping the nation, forms from Year 7 to 10 have been taking part in a World Cup Sweepstake to raise money for CAFOD.

Pupils and staff have paid £1 to select one of the 32 teams taking part. The winning pupil from each form will receive a £10 voucher from a choice of retailers while there will be a 'wildcard' prize for each year group. **So far we have raised over £300 with more to follow.**

Transition...

We are looking forward to our new pupils joining us in September 2018. They have been enjoying Technology, Science, RE, Art Maths and English days at St Joseph's with a theme of Superheroes!. It is both a very exciting and nerve-racking time, but don't worry, our St Joseph's family will welcome you all.

...the Future Stars of St Joseph's!

“Let us remember: One book, one pen, one child, and one teacher can change the world.”

Malala Yousafzai

Congratulations to our Year 10 SW Fire Cadets

St Joseph's pupils Daniel, Daniel, Sam and Olivia (plus Amelia from Caerleon Comprehensive and Casey from Risca Comprehensive) all attend the Fire Cadets at Malpas Fire Station once a week. They have been training for regional competition for the last month, practising Fire Service knowledge, knots, fire service equipment, ladder pitching, navigating through dark, narrow crawl-ways and practising for combined drill, consisting of using a hose, building a damn to contain water and life sized dummy drag.

They competed against 9 other Fire Cadet branches from across South Wales. The Malpas crew came first in the Fire Service knowledge, equipment knowledge, teamwork challenge, overall team work and communication throughout the day. BA (breathing apparatus) crawlway navigation and overall winners of South Wales Fire and Rescue Service Fire Cadets Championship 2018. They now go on to compete in the National Fire Cadets Games held by the London Fire Brigade in Crystal Palace Football Grounds.

An amazing achievement cadets! Congratulations.

Thank you...

Our Year 7 Transition Team have been working hard alongside Mr Humpage, Mrs Leyshon and Ms Rocke to prepare all our new pupils for the beginning for their journey at St Joseph's in September 2018.

The Year 7 team have not only attended weekly meetings to discuss the Transition brochure, making sure all the information given to our new pupils is correct, relevant and most importantly, personal. They have also made a fantastic 'Day in the Life' film and been fabulous ambassadors at each transition event.

Using memories of their first days here at St Joseph's to impart wisdom and information about the daily routine, they have been able to admit to worries they had and shown positive solutions that will no doubt help our

new pupils to feel more relaxed and excited about joining the St Joseph's family in September.

The transition team film entitled 'A Day in the Life' is available to view on our website, just scan the QR code below with your smart device. **Thanks Year 7 Transition Team, you've done a great job.**

REFUGEE AWARENESS

CHANGEMAKERS TIMELINE

July 2017

SJHS application to Oxfam to be a Changemakers school.

September 2017

Invited by Oxfam to be one of four schools from Wales to take part.

October 2017

Twelve Year 8 students were selected to represent our school.

November-March 2018

Four Refugee Crisis training sessions led by Sean Allen from the Welsh Centre for International Affairs.

March 2018

Meeting with British asylum seeker.

April 2018

Planning of Changemakers activities.

May 2018

PE shirts printed by Macey Sports showing refugee names.

June 2018

Delivery of Year 8 RE lessons organised by the group.

June 2018

Refugee Crisis awareness week and football tournament.

11th July 2018

Oxfam National Conference Swansea, four schools invited.

2018-19

Plan to maintain Refugee Awareness Week, lessons for Years 7 to 9, plus more awareness activities.

Fairtrade Aware

St Joseph's RC High School is becoming Fairtrade aware!

This year, we formed a Fairtrade group with the aim to make our school more 'fair trade aware'. As a Catholic school, we are committed to living out the Gospel. A big part of this is not only reaching out to those in need but also ensuring that we live in a fair world with justice for all. Encouraging people to buy Fairtrade products ensures that the people, who work hard to produce them, earn a living wage, are not exploited, and work in adequate conditions.

This year we have done a variety of stalls in the quad at break times to raise awareness of Fairtrade. We have also done an assembly for year 7/8/10 and for the inspectors. During the season of Advent we prepared Fairtrade advent calendars for each form in Year 8. Every day of December the teacher would pick a student from their form to open the advent calendar. Lastly, we prepared Fairtrade Fest which was a celebration of Fairtrade in Summer. We sold a number of Fairtrade products for two weeks and played music to celebrate.

The Fairtrade enterprise meet on a weekly basis and are keen to continue introducing new ways to make St Joseph's a Fairtrade school. We have lots of exciting ideas lined up for 2018-2019.

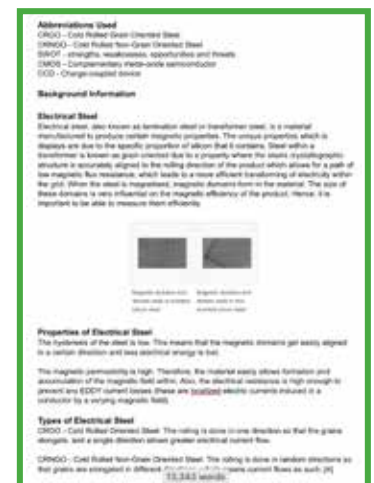

Report by SJHS Fairtrade group

SJHS Engineering Team

Laura Brend, Freya Stevens, Haidar Mathieson, Alex Aston, Rhys Jones, Tom Mamoottil John, Elan Virtucio, Bogdan Chiritou, Kieron Chindoo Ray and James Tobias.

In October, two groups of Year 12 students began their annual engineering project as part of the Engineering Education Scheme Wales. This project involves working alongside an engineering company based in South Wales. This year the groups worked alongside Tata Steel. The students were presented with a problem that the company are experiencing on their site and given five months to design a solution to this problem. The students spent five months working extremely hard on a written report, making a model of their design and planning a presentation to be given at the awards day at Parc Y Scarlets, Llanelli on April 19th.

As a result of their hard work, each student in the group is awarded a gold CREST award, which is Britain's largest national award scheme for project work in Science, Technology, English and Mathematics. Congratulations.

ART

ART TRIP TO CARDIFF UNI

As we turned around the corner we were instantly intrigued...

We got to see many styles and techniques that we can incorporate in our GCSE art course. Our favourite part was seeing the textile and 3D floor. We loved seeing the unique designs and the ways that the artists interpret their personality into their work. It definitely shows how a lot of effort goes a long way; we feel that we should do more trips like these to help young artistic minds grow.

Written by Anna English and Olivia Tuzyk, Year 10

SJHS ART EXHIBITION 2018

The Art Department would like to congratulate all our A Level and GCSE students for creating a wonderful final show this year. The diverse talent and skill was plain to see. Wonderful drawing skills and amazing sketchbooks showed the huge amount of research that had gone into each piece displayed as well as

offering some interesting answers to some difficult subjects. A big thank you to all the staff and parents that came to the private view. It was a lovely evening and very special to the students to be able to show off their hard work.

SKI AUSTRIA

Leaving school on a rainy Friday afternoon, we travelled through the night and arrived in beautiful snow-covered Austria the next day ready to begin our adventure.

The group consisted of all abilities and our instructors had prepared a programme which suited everyone and enabled all of us to make progress (even Mr Welch apparently!). The most progress was made by the beginners who spent more time falling over than standing up on the first day, but were able to bomb down a red run at the end of the week—that was a great feeling of accomplishment and their resilience and determination was incredible. Lunch on the mountain was amazing and the portions huge, but eating it outside in the stunning scenery with friends is a cherished memory. In the evenings we went swimming, bowling and even out to a Pizzeria, but we also enjoyed the various ‘performances’ of each other in an effort to impress the teachers during the room inspections. Dylan Westerberg’s version of ‘Budapest’ however was a moment of musical genius!

We had the most brilliant time and not only have learned to ski, but also developed our team working skills and our independent learning, ensuring that we always had all of the correct equipment on us, and also checking that our friends all had theirs.

Thank you for the teachers for taking us, and we cannot wait to go again!

British Champion Showjumper

During the past seven months Brodie and her pony, Gwen have achieved more than they could ever have wished for.

Throughout the winter months, they jumped at venues around England and Wales in Novice and Discovery classes. They will now progress to jump in the British Novice and Discovery finals at the British Showjumping National Championships at Stoneleigh Park (Warwickshire) in August.

They have also recently received a gold medal for winning the Junior Bronze League for Wales over the winter period. They also won their Grand Prix qualifier class at Pony of the Year Show, in April this year and other achievements to date include qualifying for Blue Chip Championships and Scope.

Spectacular!! A long list of achievements that you should be very, very proud of.

Welsh Squad

Just under a year ago, Wye Gymnastics introduced the TeamGym programme, taking the fun aspects of gymnastics such as Tumble, Trampette and Vault and allows athletes to compete within a team of their peers. This programme has seen the development of some fantastic athletes who have surpassed the expectations. One such athlete is Year 7 pupil Madi; she is part of the club's Level 4 Team who have done exceptionally well throughout this competitive season and are on route to compete in the British Championships next year.

Madi has worked very hard to increase her skill level and has recently reached the standard to be offered a place in the Welsh TeamGym Squad. National Training for Madi will begin in September and we all wish her the very best for next year's competitive season.

Welsh Junior Champ

Tiwaah in Year 7 has competed during this athletics seasons and taken no prisoners! She competed on June 23 and 24th in the Welsh Junior Championships running in the 100m and 200m. Placing 1st and 2nd place consecutively. She is also still holder of the 100m AND 200m fastest girl. **Fantastic results Tiwaah. Congratulations from us all.**

Head Chorister

In Newport we are lucky to have on our doorstep many opportunities for extra curricular music making.

One of our students who has taken these opportunities is Year 8 Alex.

He regularly sings in the Cathedral Choir of St Woolos where he was appointed Head Chorister after singing with the choir for some time. Here he not only sings regularly but helps with the training of younger choristers teaching them the liturgy and helping them find the appropriate music at the appropriate time. With his regular singing he has sung many solos for us in school, both as part of school services and in events we have provided music for outside of school. He can now add a national honour to his list as he has been appointed a 2nd Bass in the National Youth Choir of Wales.

Very well done Alex we are all very proud of you and your musical achievements.

Bronze Medal

Congratulations to Rhys in Year 9. He has received his Bronze Medal in Duke of Edinburgh Award and is now preparing for his expeditions for the Silver. Rhys is also actively involved with Air Cadets and is now a Sergeant - one of the higher ranks in ATC 210 Newport Squadron. He has secured various levels of achievements:

- Sports Leaders Award - Level 1
- Bronze Leadership Badge
- Silver Radio Communication - Amateur Radio License
- First Aid - St. John's Heart Start
- Shooting License - Trained shoot on L98 and No.8
- Flying - Bronze Aviation wings.

Amazing achievements Rhys, well done!!!

FoSJHS is on the socials...

Keep up to date with all the Friends of St Joseph's News and Events on their new Facebook and Twitter pages.

CarnegieAWARD

On Friday 5th June, Book Group visited Rougemont School to discuss the Carnegie Awards.

We all split into groups belonging to our favourite book in the Carnegie Award shortlist and discussed how to create a movie based on the story. After lots of hard work, directing, acting and researching we shared our film creations and opinions with the other groups. It was exciting to see how differently each group

had made their film. Finally, we voted on the book we thought we would like to win the award...we will have to wait and see if we were right! We would like to thank Mr Watts for giving us such a great opportunity and making the trip so much fun.

Written by Libby, Megan and Sophie, Year 8

Goodluck and farewell...

Staff and students would like to say a big thank you to Hollie Labunsky, Lauren Tucker, Shane Bury, Steve Wood, Liz Knight, Joanne Pearson, Claire Holden, Helen Picton, Jayne Howells, Jessica Graham, Isla McMail and Haley Jackson who will be leaving us at the end of term. We wish them every success and happiness.

Mr Trevor Brown

On the last day of term, we will be saying our farewells to our inspirational headteacher, Mr Brown, as he leaves to take up his position as headteacher at Stanwell School in Penarth. Since being appointed headteacher in 2014, his dedication, commitment, vision and work ethic have inspired many. A key principle which has driven his work at St Joseph's RC High School is exemplified in these words by Woodrow Wilson:

"You are not here merely to make a living. You are here in order to enable the world to live more amply, with greater vision, with a finer spirit of hope and achievement. You are here to enrich the world, and you impoverish yourself if you forget the errand."

As a Catholic school community, we believe that no one has worked harder than him or been

more committed than him to fulfil his moral purpose: to improve the life chances of young people, to nurture hopefulness so that they can succeed and continue to flourish as they journey through life.

We will be sad to see him leave but we are confident that his dedicated leadership of our school has provided a solid foundation on which we can continue to grow young people who believe in themselves and in their abilities to face life and all its challenges with courage, faith and hope.

Mrs Elaine Yates

Sadly, we are also saying goodbye to Mrs Elaine Yates who having joined us in 2001. She is leaving us to take up an exciting position as deputy headteacher at St Albans RC High School, Pontypool. Mrs Yates' work as a senior leader and head of PE has

been outstanding. She is hugely respected by all of our community for her energy, passion and commitment to building pupils' confidence and skills. We will miss Mrs Yates, and we wish her all the very best.

Mr Steven Dack

Mr Dack, having been a pupil at St Joseph's RC High School, joined us as a teacher of science in 2005. His passion and commitment to teaching allowed him to become an outstanding physics teacher and second in the science department. Mr Dack has developed some wonderful relationships with staff, pupils and parents. He is greatly respected by all and will be sadly missed. We all wish him great success and happiness in his new position as head of science at Bedwas High School.

We will miss you all.
